

REMARKS

This is submitted as a full and complete response to the outstanding election requirement. The Examiner has required an election of species grouping the species as Species A, graphically seen in Figures 1-4 and Species B, graphically seen in Figures 5-7. The applicant herewith elects to continue prosecution on Species B, namely the claims graphically seen in Figures 5-7. The Examiner has held that claims 1-5 are generic. Additionally, claims 6-8 and 10-12 also read on elected Species B. This election is made without traverse.

It is understood that if a generic or subgeneric claim is found allowable that the non-elected claim 9 depends from, this claim should also be found allowable in this application.

Early and favorable action on the elected claims is courteously awaited.

Respectfully submitted,
JACOBSON HOLMAN PLLC
